Incipit: Circumspecta Romani Pontificis gratiarum dispensatoris providentia eas consuevit personas precipue favoribus et gratiis prosequi Pope Clement XII concedes jurisdiction and revenues up to 1000 gold ducats from a set of benefices and churches to Christophoro de Almeida, bishop of Perga.

Notes: This document was issued "sub annulo piscatorio" but there is no sign of a seal ever having been attached. It is signed by Cardinal Oliverius. It is a renewal of an older privilege. The recipient does not appear to be named in the document, but his name appears on the reverse side of the document in the hand of the scribe who wrote the document. Christophorus de Almeida was bishop of Perga in Pamphylia Secunda (in present-day Turkey) from 1735 until his death in 1760. See Hierarchia Catholica medii et recentioris aevi vol. 6 (Padua 1958) p. 333 fn. 2 for biographical information.
